**Clip wing cub with a 65hp wood prop tried to take off not making full power from Souther Cross Airport in NJ. A 2300ft runway with a hill in the middle and wires on both ends. He flew to the wires, pulled up and stalled it landing in the car parked in a driveway on the other side. Lucky to only get a broken leg!**

**A Soyuz capsule carrying Russians Alexander Skvortsov and Mikhail Korniyenko, and NASA's Tracy Caldwell Dyson returned to Earth September 25, 2010 from the International Space Station and landed safely in Kazakhstan, a day after an initial attempt to return was aborted after latches holding the Soyuz TMA-18 craft to the orbital station failed to open.**

## **Vietnam Wall**

**First click on a state. When it opens, scroll down to the city and the names will appear.**

**Then click on their names. It should show you a picture of the person, or at least their bio and medals. This really is an amazing web site. Someone spent a lot of time and effort to create it.**

**I hope that everyone who receives this appreciates what those who served in Vietnam sacrificed for our country.**

**The link below is a virtual wall of all those lost during the Vietnam war with the names, bio's and other information on our lost heroes. Those who remember that time frame, or perhaps lost friends or family can look them up on this site. Pass the link on to others, as many knew wonderful people whose names are listed.**

# Flying the Cub Scouts November 20th 2010

On a really nice afternoon, we were able to fly a number of Cub Scouts and their Scout Masters. Speaking for myself, I had a fun time, and All those who attended seemed to have a grand time too.
