Discussion on the Christmas End of the year Dinner, everyone agreed it was a good location and price, Bruce Campbell told a few Jack tales. Would like to have the larger room as some members attended that did not RSVP. We need to improve that for next year.

New Business:

Mike Caswell suggested that we have a day for members to just show planes and not fly YE. Barry suggested adding an auto display as well. Mike Hatahway said that we need to discuss this with Mark Finley. Mike C talked about fundraising and perhaps selling T shirts, it was asked as to why we need to raise funds and several members made suggestions as to the possible use of such funds,

scholarships for a flight lesson, to EAA camp Etc. Mike C also talked about our chapter getting an aircraft donated, and a discussion around the use of it ensued.

Program:

None as the DVD would not play.
Motion to Adjourn meeting at 1:35pm☺

Russian Jet Team - L-39s

This is the ONE of the BEST videos of a civilian jet team that I have ever seen - a really professional HD presentation by a guy named Artur Sarkisyan of a Russian Jet Team in L-39's at the Arkhangelsk Show this summer. He uses a

lot of GoPro cameras and is a master editor of film. The inflight shots are just fantastic.

If you buy ethanol-free gas, and your station isn't listed here, please [add it now!](#)

(State-by-state labeling requirements are listed at fuel-testers.com.)

Please remove stations that no longer sell pure gas, even if you didn't post them!

Update or remove a station by clicking details->update this station on the station's listing. Thanks!

(Don't remove stations simply because they don't sell to autos – many folks use this site to find pure gas for their boats and planes.)
